

**SWEP – Massachusetts Chapter
Professional Development Training 6/11/2013**

We are pleased to welcome back Tammy Jordan, Founder & Principal of Leader Consulting Group to present this dynamic, in-the-moment training event on June 11, 2013 from 6:00-8:00 pm.

3 Keys to Developing Successful Professional Partnerships: role clarity, goal clarity and skill development.

This professional development opportunity will help participants "get clear" about what they are hoping to achieve from their professional relationships at work, in their network of professional colleagues and in a mentor/protégé partnership. By understanding individual needs, goals and expectations, both parties will be empowered to reach a shared understanding of each other as they initiate and seek stronger connections in professional partnerships. Participants will learn best-practice skills that they can put to work right away. Skill training will include the art of asking powerful questions, level three listening and appreciative inquiry.

This is a repeat presentation of the February 2013 event. If you missed it the first time, now is your chance to benefit from this excellent training.

Leader Consulting Group
Change Through Empowerment

How to Register

This event is open to all women environmental professionals. Cost for attendance is based on membership status in SWEP-MA: Members \$30, Non-members \$40, Students with current ID \$20.
